DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C.

121:

- I. Claims 1 to 3, drawn to cold rolled steel sheet satisfying Equations 6 and 7, classified in class 148, subclass 320.
- II. Claims 4 and 5, drawn to cold rolled steel sheet satisfying Equation 8, classified in class 148, subclass 320, 602.
- III. Claims 6 to 10, drawn to steel sheet satisfying equations 12 and 13,, and its method of making , classified in class 148, subclass 320 and 602.
- IV. Claims 11 to 18, drawn to steel sheet and its method of making, classified in class 148, subclass 320 and 602.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions of groups I to IV are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions have alloy composition correlated with different equations.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Art Unit: 1742

4. A telephone call was made to Mr. Richard Barth on March 2, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
